Second Alliance

- Performance Analysis. All of the Factors to Measure.
- What percentage of dollars were collected
- What percentage of students paid
- What percentage of students are currently paying
- What percentage of students are in communication that represent potential future payment
- What percentage of the portfolio was placed in the last six months
- What is the Average Balance and how can that affect the Reporting
- What percentage did the Agency keep / How much did that recovery cost you?

Second Alliance

- Performance Analysis. Benefitting your student.
- What percentage of students returned to complete their degree
- What percentage of students languished in collections at 50 dollars a month
- What percentage of students didn't have access to their grades and transcripts when a better job came up
- What percentage of students received financial literacy education
- What Resources does your agency provide students besides a payment portal?
- What percentage of students were better through the collection experience?

- CURE – Pre-Collect
- Arrearage Collections
- Rehabilitation

Second Alliance

- **CURE**
- CURE the Behavior or CURE the Debt?
- It saves your Curable students (accounts) from languishing in collections and becoming 'institutionalized'
- Students that successfully CURE are returned for regular repayment
- CURE is a highly cost-effective alternative to traditional collection agency placement
